

Federal State Budget-supported Educational Institution of
Higher Education

Volgograd State Agrarian University

**Vice-rector for academic affairs
Ivan Nesmyanov**

UNIVERSITY today:

7 faculties

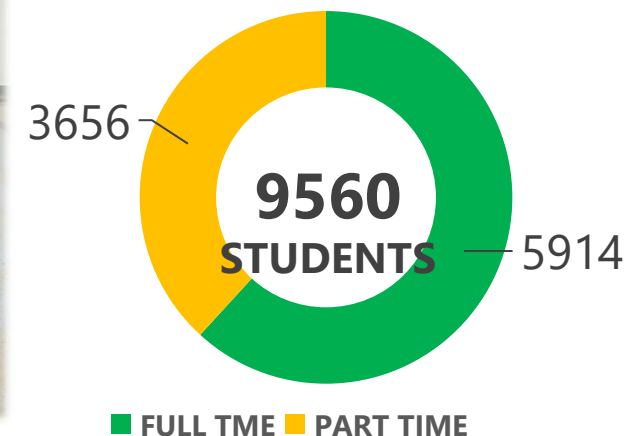

- AGROTECHNOLOGICAL FACULTY
- FACULTY OF BIOTECHNOLOGIES AND VETERINARY MEDICINE
- FACULTY OF ENGINEERING AND TECHNOLOGY
- FACULTY OF PROCESSING TECHNOLOGIES AND COMMODITY RESEARCH
- FACULTY OF ECONOMICS
- ELECTRIC ENGINEERING FACULTY
- ECOLOGICAL AND LAND IMPROVEMENT FACULTY
- HONORED PEDAGOGICAL STAFF
- 9 BUILDINGS, 6 STUDENTS` HOSTELS

Contemporary material and technical resources:

- EDUCATIONAL SCIENTIFIC PRODUCTION CENTER «GORNAYA POLYANA» (11000 HA)
- CENTER FOR VETERINARY CLINICAL MEDECINE
- CENTER OF APPLIED INFORMATICS AND INFORMATION MANAGEMENT SYSTEM
- 6 PROBLEM RESEARCH LABORATORIES
- MORE THAN 20 EDUCATIONAL CENTERS

QUANTITY OF STUDENTS

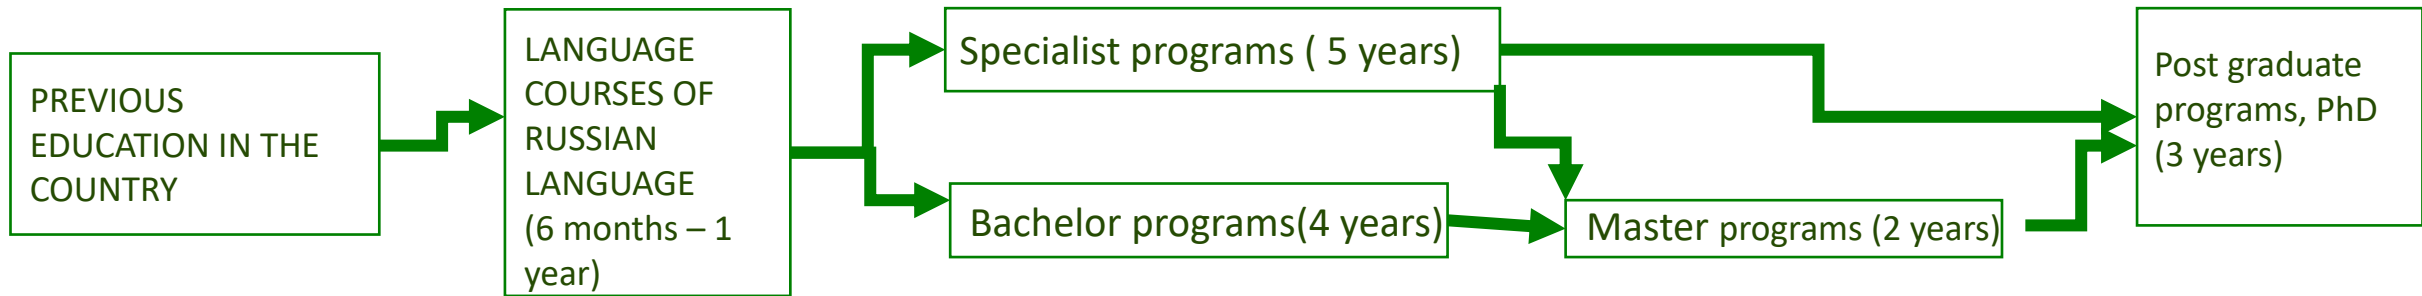

MULTI-LEVEL SYSTEM OF HIGHER EDUCATION :

- **BACHELOR PROGRAMMES**
27 educational programmes
- **SPECIALIST PROGRAMMES**
6 educational programmes
- **MASTER PROGRAMMES**
17 educational programmes
- **POST GRADUATE PROGRAMMES (PHD.)**
29 educational programmes
- **INSTITUTE OF CONTINUATION EDUCATION (ICE)**
21 educational programmes

POSSIBLES WAYS OF EDUCATION IN RUSSIAN FEDERATION

AGROTECHNOLOGICAL FACULTY

Bachelor programmes

- **Agronomy** (profiles: «Phytosanitary control and crop protection», «Agronomy», «Technology of growing and processing medical plants »)
- **Agrochemistry and agricultural soil science** (profile: «Agroecology»)
- **Horticulture** (profiles: «Creation and operation of objects of ornamental horticulture», «Production of fruits, vegetables and grapes»)
- **Forestry** (profile «Reproduction of forests and their use»)
- **Landscape architecture** (profile «Improvement and greening of the territory»)

Master programmes

- **Agronomy** (programs: «Management of crop production», «Selection and seed growing of field crops»)
- **Agrochemistry and agricultural soil science** (program «Agroecology»)
- **Horticulture** (programs: «Gardening and maintenance of landscape gardening and landscape objects», «Vegeticulture and greenhouse facility»)

FACULTY OF BIOTECHNOLOGIES AND VETERINARY MEDICINE

Specialist programme

- **Veterinary** (specialization «Veterinary»)

Bachelor programmes

- **Aquatic bioresources and aquaculture** (profile «Management of aquatic bioresources and fish protection»)
- **Veterinary and sanitary expertise** (profile «Veterinary and sanitary expertise »)
- **Animal science** (profiles: «Animal`s nutrition science», «Feeding of animals and fodder technology», «Unproductive animal husbandry (cynology)», «Animal science »)

Master programmes

- **Animal science** (programs: «Feeding of animals and fodder technology», «Feeding, breeding and genetics of horses», «Breeding and genetics of farm animals», «Small animal science and organization of the production process in animal husbandry»)

FACULTY OF ENGINEERING AND TECHNOLOGY

Bachelor programmes

- **Agroengineering** (profiles: «Mechanization of agricultural production», «Transport vehicles»)
- **Technospheric safety** (profile «Safety of technological processes and production»)
- **Professional training** (profile «Teacher of vocational education system in the field of agricultural industrial complex»)
- **Service** (profile «Service of motor, technological means and equipment in the agricultural industrial complex»)

Master programmes

- **Agroengineering** (programmes «Digitalization and robotization of technological processes», «Effective use of technical systems in the agricultural industrial complex»)

FACULTY OF PROCESSING TECHNOLOGIES AND COMMODITY RESEARCH

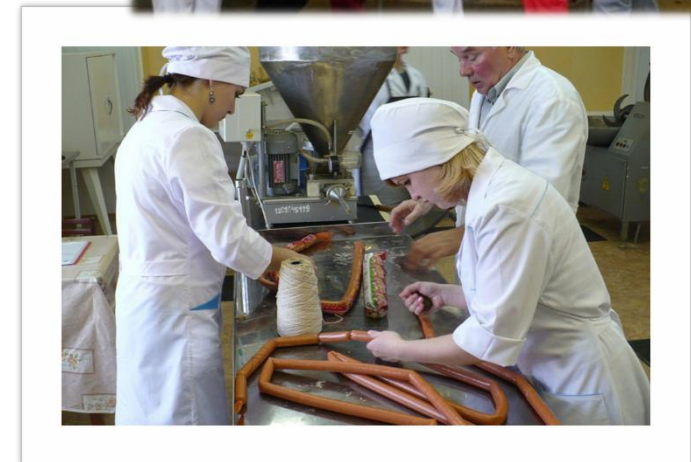

Bachelor programmes:

- **Commodity research** (profile «Valuation activities and examination of goods»)
- **Technology of production and processing of agricultural products** (profiles: «Production, storage and processing of plant products», «Production, storage and processing of animal products»)
- **Food from vegetables raw materials** (profile «Technology bread, confectionery and pasta»)
- **Food of animal origin** (profile «Technology of complex processing meat raw materials, aquatic and bioresources»)
- **Technology of production and organization of public catering** (profile «Technology and management of enterprises of food industry»)
- **Customs affairs** (profile «Control and examination of goods in the customs affairs»)

Master programmes:

- **Food from vegetables raw materials** (programme «Progressive technologies in creation of foods from vegetables raw materials»)

FACULTY OF ECONOMICS

Specialist programme:

- **Economic Safety** (specialization «Forensic Economic Expertise»)

Bachelor programmes:

- **Economics** (profiles: «Accounting , analysis and audit», «Corporate economics in digital conditions»);
- **Management** (profiles: «Management of business –processes », «Management of logistic al activity»);
- **Tourism** (profile «Organization of touristic activity»)

Master programmes:

- **Economics** (programme «Accounting, audit and tax consulting»)
- **Management** (programme « Business Management in risk conditions»)
- **Tourism** (programme «Strategic management in the industry of hospitality»)

ELECTRIC ENGINEERING FACULTY

Specialist programme:

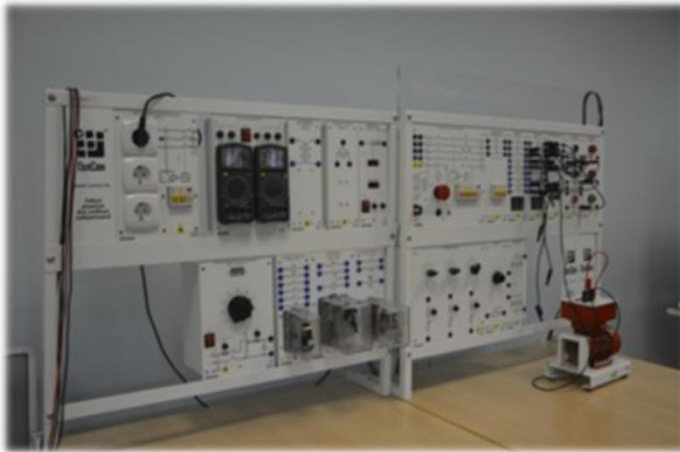

- **Heat and power supply of special technical system and facilities** (specialization «Power supply of special technical systems and facilities»)

Bachelor programmes:

- **Agroengineering** (profiles: «Automation and robotization of technological processes in the agricultural industrial sector», «Electrical equipment and electrotechnologies»)
- **Electric power and electrical engineering** (profiles: «Electrical power supply», «Relay protection and automation of electric power system»)

Master programmes:

- **Agroengineering** (programme «Electrotechnologies and electrical equipment in agriculture»)
- **Electric power and electrical engineering** (programmes: «Electrical power supply», «Digital electric power systems»)

ECOLOGICAL AND LAND IMPROVEMENT FACULTY

Specialist programmes:

- **Applied geodesy** (specialization «Engineering geodesy»)
- **Fire safety** (specialization «Fire safety»)

Bachelor programmes:

- **Hydromelioration** (profile «Construction and operation of irrigation and drainage systems»)
- **Environmental engineering and water resources management** (profiles: «Water management and water resources utilization system», «Water supply and water disposal»)
- **Land use planning and land survey** (profile: «Land use planning», «Real Estate Cadaster»)
- **Technosphere safety** (profile «Protection in emergency situation»)
- **Ecology and environmental engineering** (profile «Ecological safety»)
- **Applied informatics** (profiles: «Engineering of information systems», « Applied informatics in innovative activity»)

Master programmes:

- **Ecology and environmental engineering** (programme «Environmental support of enterprises»)

INTERNATIONAL COOPERATION

❖ 73 partners

❖ 24 countries all over the world

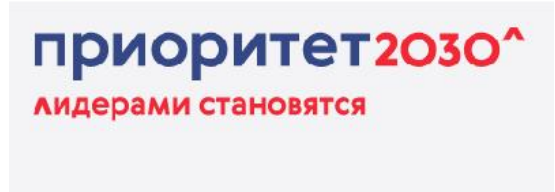

INTERNATIONAL STUDENTS FROM 26 COUNTRIES ALL OVER THE WORLD

SCIENTIFIC RESEARCH WORK IN THE UNIVERSITY

World Cotton day 6-10
December 2021 г.

Forum «Army-2021»
26 /08/ 2021 г.

CULTURAL-EDUCATIONAL ACTIVITY

**ВСЕРОССИЙСКИЙ СЛЕТ
ПАТРИОТИЧЕСКИХ
ОБЪЕДИНЕНИЙ
И КЛУБОВ
«РОДНАЯ ЗЕМЛЯ»**

Молодежная политика Волгоградского ГАУ

ДУХОВНО-НРАВСТВЕННОЕ
ВОСПИТАНИЕ

СОБЫТИЙНЫЕ ПРОЕКТЫ

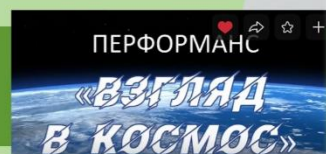

Молодежный фестиваль
славянских культур
«СЛАВЯНСКИЙ МИР»

Культурно-просветительский
проект «ИМЕНА
РУССКОЙ КУЛЬТУРЫ»

Культурно-просветительский
проект «НАШИ
ОБЩИЕ ДАТЫ»

ДУХОВНО-НРАВСТВЕННОЕ
ВОСПИТАНИЕ

СОБЫТИЙНЫЕ ПРОЕКТЫ

Культурно-просветительский
проект
«ЧТОБЫ ПОМНИТЬ!»

проект «КАЛЕНДАРЬ
НАРОДНЫХ ТРАДИЦИЙ»

SPORTS ACTIVITIES AND HORSE RIDING SCHOOL

СПОРТИВНО-МАССОВАЯ РАБОТА

Руководитель
ВЛАСОВА

Татьяна Николаевна
8 906 410 15 84

ПОДГОТОВКА СБОРНЫХ КОМАНД

- ЛЕГКАЯ АТЛЕТИКА
- БАСКЕТБОЛ
- АРМСПОРТ
- ПАУЭРЛИФТИНГ
- БАДМИНТОН
- ВОЛЕЙБОЛ
- ТУРИЗМ
- ШАХМАТЫ
- ПЛАВАНИЕ
- ФУТБОЛ
- ДАРТС

Учебно-консультационный конноспортивный Центр «ДОБЫНЯ»

Руководитель УККЦ
МЕДВЕДЕВА

Татьяна Викторовна
8 905 336 57 20

обучение верховой езде

иппотерапия
(адаптивная верховая езда)

фотосессии с лошадьми и пони

Экскурсии по конюшне и мини-зоопарку

UNIVERSITY'S CAMPUS

Educational buildings and students' hostels are in the landscaped area of University's campus.

A short stroll away are:
student canteen,
shops,
chemist shop,
hospital,
public transport

All international students are provided with housing
